

# SOLAR ESSENTIALS BALLASTED LOW PROFILE LANDSCAPE ROOF MOUNT SYSTEM

5° RACK SHOWN BELOW (10° AVAILABLE)

## Design Criteria

Designed to Use Minimal Ballast  
Tested using Computational Fluid Dynamics

## UL Approved

Using Patent Pending, UL Listed Components

## Product Construction

Prime Galvanized 20 Gauge

## Roof Load

Averages as low as 2.5 Pounds per Square Feet

## System Bonding

100% Bonded & Grounded using Patent Pending  
Integrated Bonding Clips

## Roof Interface

EPDM Rubber Strips, pre-applied

## Product Warranty

20 Years

this system utilizes the..
